I. Introduction

Wayne Metropolitan Community Action Agency ("Wayne Metro") is soliciting proposals from qualified law firms, legal service organizations, or individual licensed attorneys to provide subcontracted legal services supporting the Wayne Metro Connect Center and the Detroit Housing Resource HelpLine. These services are funded through the City of Detroit and are intended to provide timely legal assistance to Detroit residents who are experiencing housing instability, facing eviction, or are at risk of homelessness.

Wayne Metro serves as a key partner in the City's homelessness response system by operating the Connect Center and administering Coordinated Entry services. Through this procurement, Wayne Metro seeks experienced legal professionals who can assist residents by providing legal information, conducting eligibility screenings, documenting client interactions, and connecting eligible individuals with legal representation through the City's Right to Counsel (RTC) initiative.

The successful proposer will become an important partner in delivering accessible, high-quality legal services that promote housing stability and prevent homelessness throughout the City of Detroit.

II. Organizational Background

Wayne Metropolitan Community Action Agency is one of Michigan's largest nonprofit community action agencies, serving communities throughout Wayne County through a wide range of housing, economic mobility, early childhood, workforce development, and community support programs.

Wayne Metro administers numerous federal, state, local, and private grant-funded initiatives designed to improve the quality of life for individuals and families experiencing financial hardship. Among these initiatives is the operation of the Connect Center, which serves as a centralized intake and referral hub connecting residents to housing resources, emergency assistance, homelessness prevention programs, and supportive services.

As part of its partnership with the City of Detroit, Wayne Metro also assists in administering Coordinated Entry and the Detroit Housing Resource HelpLine. These programs play a critical role in ensuring that residents receive timely access to housing resources and legal assistance before a housing crisis escalates into homelessness.

III. Purpose of the RFP

Wayne Metro seeks proposals from qualified attorneys and legal organizations capable of providing professional legal services within a high-volume call center environment.

The selected contractor shall provide licensed attorneys who are responsible for answering calls received through the Detroit Housing Resource HelpLine, conducting legal assessments, documenting client information, determining eligibility for legal services, educating clients regarding their legal rights, and connecting eligible residents with appropriate legal representation under the Right to Counsel initiative.

Attorneys will work collaboratively with Wayne Metro staff, housing specialists, Coordinated Entry personnel, and community partners to ensure residents receive comprehensive and timely assistance.

The Contractor shall provide sufficient staffing capacity to maintain efficient call response times while delivering accurate legal guidance in accordance with applicable laws, professional standards, and contractual requirements.
